Mining investments afford the only way for people of small means to make a large amount of money. There are many companies in which stock was selling a few years ago at a few cents a share and are now worth from one dollar to one hundred dollars. Many homes and the increase of many incomes are the result of the purchase of a thousand or two shares in a mining company.

THE Consolidated Alpine GOLD AND SILVER MINING COMPANY.

Price of Alpine Stock Today is 35c per Share, Par value \$1.

\$ 35.00 Buys 100 Shares. \$140.00 Buys 400 Shares.
\$ 70.00 " 200 " \$175.00 " 500 "
\$105.00 " 300 " \$350.00 " 1000 "

Stock in the Famous Lamartine during its early days could have been bought for what Alpine is selling today. Now it is out of reach and cannot be bought at any price.

All that has been Accomplished by the Lamartine can be Duplicated by the Consolidated Alpine, which adjoins the Lamartine.

Price of Alpine stock today on the Installment plan is 36c.

\$ 6.00 Down and \$ 5.00 per month for 6 months buys 100 Shares.	
\$ 7.00 " " \$ 5.00 " 13 " " 200 "	
\$ 8.00 " " \$ 5.00 " 20 " " 300 "	
\$12.00 " " \$ 5.50 " 24 " " 400 "

\$18.00 " " \$ 9.75 " 24 " " 700 "	
\$36.00 " " \$12.00 " 24 " " 1000 "	

The above schedule of installment terms will be modified to suit the purchaser with the exception, that \$5.00 is the lowest cash payment and \$5.00 the lowest monthly payment that can be applied to any size block of stock, and that twenty-four months is the longest period of time.

It is understood that should payments lapse, stock will be issued in even fifty shares for amount paid in at the then selling price of stock. Unpaid stock does not participate in dividends.

WALTER F. GARNETT & CO., Fiscal Agts., HOPKINSVILLE, KY.

Extract from the Report Made by Mr. C. H. Bush, of Hopkinsville, Ky., to his Club, Sept. 1, 1902:

"From the appearance and testimony of old miners who have worked in other mines that were successful, I got a decided impression that the prospects of the Alpine are good for large, is not inexhaustible quantities of good ore, and to such an extent as to make it a profitable investment. I feel warranted in giving that opinion about it. The Alpine is located near the famous Lamartine, and it is claimed of a parallel vein, and it is urged by those who have worked in both mines, that when thoroughly developed will produce as good ore and in as great abundance." AFTER TEN YEARS

S. A. Taylor Returns To Find His Wife.

Alabama Man, Who Left a Bride of a Week and Pretended That He Had Killed Himself, Comes Back Home.

Montgomery, Ala.—The Advertiser's Bay Minette special says: After a mysterious absence covering ten years, S. A. Taylor has returned to Baldwin county to find his wife remarried and his property divided in the belief that he was dead.

The story is full of interest. On April 3, 1892, S. A. Taylor, a prominent young man, well connected in Baldwin county, was married to Miss Georgia Page, one of the most beautiful young ladies in Alabama, and friends predicted that it would be a happy union. But in about a week Mr. Taylor was out riding horseback and failed to return at night. Next morning his horse came up, and tied to the saddle was a note directed to his relatives, telling where he would leave his watch and also where they could find his body.

A search was made, the watch was found, but the place designated for the body was in a small lake. Neighbors and friend gathered together and dragged the lake, and even went to Mobile, secured some cannons and fired them over the water in an effort to find the body, but without success.

It is said that the brothers of the young man spent several hundred dollars in their futile effort to find their brother. They finally gave him up as dead and lost. His lands and property were sold and divided between the young wife and the brothers of the supposed dead man.

A year or so afterwards the wife secured a divorce and four years after her first marriage she was married to Walter C. Newton. She is now living with him at Bay Minette.

Yesterday Mr. Taylor came to the father's house about three miles from Bay Minette, where he is now lying sick.

His return after an absence of ten years has created a great sensation in Bay Minette and vicinity. No reason is given for his action.

DR. PIERCE'S Favorite Prescription

"I Wrote You For Advice."

"A little over a year ago I wrote to you for advice," says Mrs. Elizabeth J. Fisher of Diana, W. Va. "You advised me to use Dr. Pierce's Favorite Prescription, which I did, and with the most happy result. I was troubled with female weakness and bearing-down pains. Had a very bad pain nearly all the time in my left side, nervousness and headache. Was so weak I could hardly walk across my room. Could not sit up only just a little while at a time. My husband got me some of Dr. Pierce's medicine and I began its use. Before I had taken two bottles I was able to help do my work. I used three bottles in all and I cured me. Now I do all my housework. It is the best medicine I ever used."

Every weak or sick woman is invited to consult Dr. Pierce by letter free, and so obtain, without charge, the opinion of a specialist upon her condition. All correspondence is held as strictly private, and the written confidences of women are guarded by the same strict professional privacy observed by Dr. Pierce and his staff in their consultations with weak and sick women at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., of which institution Dr. Pierce is chief consulting physician. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription establishes regularity, drives weakening drains, breaks inflammation and ulceration, and cures female weakness.

If you are led to the purchase of "Favorite Prescription" because of its cures of other women do not accept a substitute with none of these cures to its credit.

Dr. Pierce's Pleasant Pellets cure biliousness.

"I Wrote You About My Case."

"About two years ago I was feeling very bad, could neither eat, sleep nor work. Was very nervous and all run down," writes Miss Alice Greeley, of Westminster, N. H. "I had taken many pills and had medicines of different kinds from my home doctor, but they did me no good whatever. Finally, I wrote you about my case and you procured your medicine. I commenced taking Dr. Pierce's Favorite Prescription, and took six bottles, also four of the 'Golden Medical Discovery' and received Dr. Pierce's Pleasant Pellets; these medicines cured me and made me well and strong. I am a new person to what I was before I commenced taking the medicine. Please accept my sincere thanks for benefits I have derived from your medicine."

The Democrats at large, the rank and file of the people behind the aspirants, should take care of this. They should see that no personal interest is put above the public interest; that no individual pretension is allowed to exceed and obscure the right of the organization to a clean bill of lading.—Courier-Journal.

Circuit Judge Robbins has rendered a decision that knocks the contest of the whiskey men in the recent local option victory in Fulton county. Their contest was brought before the election board, but Judge Robbins decides that county contests under the amended election law must be brought in circuit court and that it is now too late to bring it there. A mandatory injunction is granted requiring the certificate of the result to be spread upon the records of the county. In other words the drys have won out in the courts.

GIVE US THE NAMES.

The Democratic State Executive Committee has been called to meet in Frankfort next Tuesday to take action in the race for state offices a year hence. Aside from the fact that the committee is to meet about four months earlier than usual, there are further causes for dissatisfaction. It is said that a majority of the members are committed to the

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Pains in the Back

Are symptoms of a weak, torpid or stagnant condition of the kidneys or liver, and are a warning it is extremely hazardous to neglect, as important is a healthy action of those organs.

They are commonly attended by loss of energy, lack of courage, and sometimes by gloomy foreboding and despondency.

I had pains in my back, could not sleep and when I got up in the morning felt worse than the night before. I began taking Hood's Sarsaparilla and now I can sleep and get up feeling rested and able to do my work. I attribute my cure entirely to Hood's Sarsaparilla. Mrs. J. N. FARR, care H. S. Campbell, Pike Road, Ala.

Hood's Sarsaparilla and Pills

Cure kidney and liver troubles, relieve the back, and build up the whole system.

Candidacy of Gov. Beckham for reelection and that he will control the action of the committee in his interest. That the scheme is to call a primary election without authority, tax the candidates contrary to law to raise a fund of from \$25,000 to \$50,000 to defray the expenses, and place the entire conduct of the primary in the hands of a machine made up of Beckham supporters. The entrance fee is to be placed so high that only the rich can aspire to office and the date is to be fixed so early that no successful opposition to the office-holders' trust can be organized. These matters are being freely discussed in the press, but it is worthy of note that no names are being used in support of the scheme outlined.

The committee is made up of the following members: Allie W. Young, chairman, Mt. Sterling.

Sam'l E. Jones, state-at-large, Glasgow.

Mott Ayers, 1st district, Fulton, Chas. M. Meacham, 2nd district, Hopkinsville.

G. W. Roark, 3rd district, Frankfort.

Ben D. Ringo, 4th district, Hartford.

Clem Huggins, 5th district, Louisville.

Jno. M. Lassing, 6th district, Burlington.

Geo. A. Lee, 7th district, Owenton.

W. H. Morgan, 8th district, Lawrenceburg.

A. A. Young, 9th district, Morehead.

D. W. Gardner, 10th district, Salyersville.

S. B. Dishman, 11th district, Barbourville.

It is said that nine of the thirteen members will either be present to vote for these measures, or will send their proxies to be so used. The editor of this paper has been associated with the gentlemen named above for years and it will take something more than newspaper claims to convince him that they would be a party to a scheme that could have but one result, the disruption of the party now harmonious and re-united.

There is no authority for calling a State primary, there is no law under which assessments can be levied, and the candidate who is seeking to control the committee is ineligible for re-election if he should capture a nomination, and above all there are nearly thirty candidates for the various offices protesting against any usurpation of authority by the committee. We may be mistaken in the men, but we do not believe, and will not believe until the deed is done, that the committee can be controlled in such a scheme. Give us the names of the nine men claimed.

He will leave before the holidays.

Premature Action Causes Much Talk Over the Coterie's Bold Move.

Frankfort, Ky., Nov. 17.—The State Democratic Committee has been called to meet here on Tuesday, November 25, for the purpose of considering the time and manner of nominating candidates for state offices to be elected next year.

The committee is to meet several months earlier than usual and it is said that the office-holders' trust will make a strong effort to call a primary election in spite of the absence of authority to do so. The meeting is expected to mark the beginning of the struggle against machine rule in the Democratic party.

PASSED AWAY.

Pneumonia Claims Jim Long, a Pee Dee Farmer.

Mr. James Long, better known as Jim Long, a farmer of South Christian, died Monday night at the home of his son-in-law, Mr. Emmett Roper, in the 60th year of his age. He had been ill for a week with pneumonia. He had long been a resident of the Pee Dee neighborhood and enjoyed the confidence and esteem of all his neighbors. Mr. Long was a member of the Presbyterian church and his funeral services were held at Herndon yesterday, by Rev. Israel Joiner, of that church.

A good man and a true, conscientious christian has passed away, leaving behind him many friends to regret his untimely death.

Dazed for a Moment.

"Will you allow me to ask you a question?" interrupted a man in the audience.

"Certainly, sir," said the spell-binder.

"You have been giving us a lot of figures about immigration, increase in wealth, the growth of trusts, and all that," said the man. "Let's see what you know about figures yourself. How do you find the greatest common divisor?"

Slowly and deliberately the orator took a drink of water.

Then he pointed his finger straight at the questioner. Lightning flashed in his eyes, and he replied in a voice that made the gas jets quiver:

"Advertise for it, you ignoramus!"

The audience cheered and yelled and stamped, and the wretched man that had asked the question sneaked out of the hall, a total wreck.

A Kansas Corn Story.

A horrible news comes from Blue Springs, Kan., that near that town Willie McKeighon climbed a corn stalk to see how the corn was getting along, and the stalk is growing up faster than the boy can climb down. The boy is plumb out of sight. Three men have undertaken to cut down the stalk with axes and save the boy from starvation, but it grows so fast that they can't hack twice in the same place. The boy is living on nothing but raw corn, and has already thrown down over four bushels of bobs. The latest reports are that the stalk has attained such a dizzy height that the cobs now catch fire and are consumed before reaching the earth.—Ex.

ANOTHER RAISE

In Insurance Rates Recommended To Kentucky-Tennessee Board.

Louisville, Nov. 19.—The annual meeting of the Kentucky and Tennessee Board of Fire Underwriters was called to order here this morning with about 40 members present. In his annual report President Frank Snyder stated that the advance of 25 per cent. in rates in Kentucky and Tennessee during the year amounted to \$208,246,729, the third largest in the history of the board. The premiums in the State for that period were \$3,865,256 and the ratio of loss was 62 per cent.

In Tennessee during the past twelve months, risks amounting to \$107,901,067 were written, while the premiums were \$2,539,745, and the loss ratio 70 per cent.

President Snyder recommended that the base rate on all classes of property in Tennessee be advanced in account of the heavy losses during the past year in that State. The election of officers resulted as follows: President, A. H. McAttee, Louisville; Vice President, Charles B. Rogers, Louisville; Executive Committee, A. G. Dugan, W. J. Moss, John L. Smith, W. B. Russell, Louisville; W. P. Fishback, Lexington; Chas. Frizzell, of Nashville.

SPECIAL SCENERY

And Splendid Orchestra Some of the Features.

David B. Lewis' big production "Uncle Josh Sprucey" will be presented at Holland's Opera House, on Tuesday evening, November 25. The production has been received with much favor and the press of the New England cities where it is now being played are giving the play and people very flattering notices. As one critic says, you get "your money's worth." A first-class company of acting people, novel special scenery and mechanical effects, new specialties and a splendid orchestra of eight soloists are some of the features that go to make the production the big success that it is. The big parade given at noon attracts large crowds.

A Suggestion.

For Thanksgiving presents nothing would be more appropriate and useful than a nice Singer Sewing Machine, up-to-date in all respects. It would be a constant and pleasant reminder of the giver for years to come. Call at Singer store, at 205 South Main and we will show you a complete line from the finest to the cheapest in price.

Rev. Irl R. Hicks' 1903 Almanac.

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through thirty years, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Fred Hicks, through this great Almanac, and his famous family and scientific journal, Word and Works, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903, forecasts of storms and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings. The price of single Almanac, including postage and mailing, is thirty cents. Word and Works with the Almanac is \$1.00 a year. Write to Word and Works Publishing Co., 2201 Locust Street, St. Louis, Mo., and prove to yourself their great value.

West & Co., where he will be glad to serve patrons and friends of the old firm.

DRAKE PLAYED WELL

Chicago Horseman Cleaned Up a Fortune on the Turf.

His Companion, John W. Gates, Also Was a Heavy Winner This Season—Gambling Fever Rampant Everywhere.

Never in the history of the American turf has the gambling fever possessed the habitues of the race tracks so completely as it has this season, says a special from New York. Fortunes have on several occasions changed hands in less than a minute and a half. Men who started in the season with small bets became intoxicated with early gains and subsequently developed into plungers of the first water.

Such is G. Langdon, who began with a small amount early in the season, and is now \$40,000 richer. Of the old school of plungers, men who have fought the bookmakers for years, John A. Drake is easily first in point of winning, for he has secured \$300,000 from the ring during the short space of four months. John W. Gates, Drake's friend, is third on the list. Senator P. H. McCarren leads all the eastern plungers with \$200,000 to his credit.

Drake heads the list of winning plungers. From the time his colt Wyeth won the American Derby at Chicago he has had but few big losses in bets. His worst meeting financially was at Saratoga. At the Spa fortune aided him for a time, and he lost a large amount—\$100,000, well-informed bookmakers say. His horses were all out of form and lost repeatedly. As he always backed them whenever they appeared to have the slightest chance to win, he lost \$5 per cent. of his wagers.

At the Sheephead Bay meeting Drake won more than made up for his Saratoga losses. He cleaned up \$150,000 on his colt Savable when he won the Futurity, and his friend, John W. Gates, won \$100,000.

Since that day he has won all his bets with the exception of the big wager

JOHN A. DRAKE.
(Western Horseman Known as the King of Turf Plungers.)

he lost on Rannels, when Heno defeated him. With Rannels standing on his ledger at a loss of over \$50,000, bets and purchase money included, Drake placed enough money in the ring on Thursday of last week and in the out-town pool to win him out. When the colt galloped home a winner in front of Roxane he had evened up the score against Rannels and had a profit to show.

He won heavily during the Chicago meeting on his horses. This money, with the amounts won at Sheephead Bay and Gravesend, placed him a net winner of \$200,000 on the season.

John W. Gates, unlike his friend and companion, Drake, won at Saratoga. He played Drake's horses when they first started, but soon realized that they were out of form, and bet his money subsequently on eastern horses. This was what recovered his early losses and quit the famous watering place several thousand dollars richer than when he arrived there. He plunged on Savable in the Futurity, and, like Drake, won a fortune on the result.

Senator P. H. McCarren has won more money this year than any other eastern plunger. He has picked the winners with great frequency all season. Hardly a day passed without recording a profit for him on the day's speculation. He won many thousands on his own horses, but the biggest winning he made was on The Rival, at Sheephead Bay, when John E. Madden's colt defeated Articulate. In that race the senator won \$40,000.

There's Nothing Like Paper.
Artificial teeth made of paper and "uppers" for boots and shoes of the same material are among the new uses to which paper is being put, says a saying. "There is nothing like leather," may some time be changed to "There's nothing like paper." At this very moment a substantial business firm in Boston is considering a proposition to take up the work of manufacturing paper hats. By and by a high hat, dress suit, and shoes rivalling patent leathers, all made of paper, may be considered quite the correct thing. The paper age may astonish the world to a greater degree than any that has preceded it.

No Swearing by Telephone.
It is a terrible offense in St. Louis to swear through a telephone. Now, it is usual, when a man feels disposed to make the wire warm with blasphemous expressions, to just hang up the receiver and then give full play to his indignation. This avoids a fine, saves the wire, and the man at the other end does not know what is going on.

SUIT THE SEQUEL

To the Vaughan-Brown Elopement Last Week.

Husband Sues for Divorce Making Sensational Allegations—What She Says.

The wedding of Mr. Otho Vaughan, the transfer man, and Miss Maude Brown, the young telephone operator, who eloped to Clarksville and were married Nov. 11th, has been followed by a sensational divorce suit filed by Mr. Vaughan on the 18th inst.

He alleges in his petition that his bride of a week procured their marriage "by force, duress and fraud." He alleges that he was intoxicated on Nov. 10, and that while in that condition he was asked by the young lady to take her driving. That after starting toward Clarksville he became unconscious and did not regain his senses until the buggy reached Clarksville at 3 a. m. the next day. He says he and Miss Brown occupied separate rooms at the hotel and that he was so worried that he resumed drinking that day. Later he and the young lady got in their buggy and started toward Hopkinsville, and learning of his intentions, she seized the reins, stopped the vehicle on the main street of Clarksville, jumped from the buggy and created a scene. That she showed him a bottle marked poison and threatened to kill herself if he did not marry her, also saying that she would write her sister in Hopkinsville before doing so, and tell her that he forced her to take the poison. He says he was afraid she would carry out these threats and married her to keep her from doing so. He states in his petition that they have not lived together as man and wife.

WHAT SHE SAYS.

Mrs. Vaughan filed her answer Wednesday, entering a general denial to all Vaughan's claims. She alleges that they were out driving and drove so far that they deemed it inadvisable to return at the late hour and Vaughan proposed to continue the drive to Clarksville and consummate the marriage planned for three years, but deferred on account of family interference. She says when they reached Clarksville she had a violent headache and bought a nickel's worth of morphine.

She denies the threat to kill herself. Says it is true that after arriving she realized the importance of having matters rectified by marriage and refused to return home and marry at the home of the plaintiff, for the reason that she was told by him that his family believed she way below his station in life, and she did not care to risk embarrassment.

She says the plaintiff had a bad cold and had a pint of brandy, but did not take same until Oak Grove was reached, and that he was not intoxicated after leaving Hopkinsville. That he was short of funds and that to assist him she telephoned to Hopkinsville for \$9, which she furnished him, excepting five cents used for buying the morphine. That when they reached Hopkinsville plaintiff kissed her goodbye and assured her of his speedy return.

She says she is the main support of a large family and the sole dependence of two little sisters, committed to her keeping by her dead mother. That she has been earning \$30 a month and she asked the court to allow her alimony to this extent and to also return the \$8.95 she entrusted to the plaintiff. She prays that the petition be dismissed.

John Feland is her attorney.

Volcano Breaks Loose Out in the State of Utah.

Salt Lake City, Utah., Nov. 18.—According to D. A. Turner, of Milford, Utah, an old volcano forming part of the Wasatch Range in Southern Utah, which apparently has been extinct for centuries, has broken out in a series of explosions, apparently emanating from the crater, have been heard for miles around, while at times columns of smoke and dust have arisen from the old volcano, and new lava formations, all very hot, have been found on the sides of the mountain.

UNITED STATES SENATOR THURSTON,

The Brilliant Statesman from Nebraska, Makes an Important Public Utterance.

INTERIOR OF THE UNITED STATES SENATE CHAMBER.

Ex-Senator John M. Thurston, of Omaha, Nebraska, is one of the most prominent and influential men in the country. He made the speech nominating President McKinley at the St. Louis convention, and was made permanent Chairman of this convention. He was also made Chairman of the convention that renominated the late President McKinley at Philadelphia. He was appointed by President McKinley to be Chairman of the St. Louis Exposition Commission. This prominent gentleman recently wrote the following letter to The Peruna Medicine Co., of Columbus, Ohio:

Washington, D. C., April 6, 1901.
"I have used Peruna at various times during the past year or two with most satisfactory results."

"It entirely relieved me from an irritating cough—the result of excessive effort in the presidential campaign, and I am a firm believer in its efficacy for any such trouble."—John M. Thurston.

Catarrh has already become a national curse. Its ravages extend from ocean to ocean.

More than one-half the people are affected by it. It has become such a serious matter that it has passed the boundaries of the medical profession and become a national question. Senators are talking about it; Congressmen are discussing it.

They are not only considering the extent and chronic nature of the disease, but the possibility of finding a national remedy to meet this national calamity. The catarrh remedy, Peruna, seems to be the main expectation in this direction.

Dr. Hartman, President of The Hartman Sanitarium, devised the remedy, Peruna, over forty years ago, and the remedy as a catarrh cure has been growing in favor steadily all these years. It stands today before the nation as a thoroughly tested, accurately scientific

internal remedy for catarrh. There are practically no medicinal rivals in the field.

Peruna is not a local application or temporary relief; it is a permanent cure. Peruna is a systemic remedy. It eradicates catarrh from the system. It cures catarrh wherever located. Its cures are radical and lasting.

Fritz Vollmer, President Schwabacher Sengerbund, Chicago, in a recent letter to The Peruna Medicine Co., says:

"My voice was so badly affected from catarrh that I was afraid I would lose it entirely. I read of some of the wonderful things your Peruna would do and thought it advisable to try some myself."

"I am pleased to state that in a very short time I was cured."—Fritz Vollmer.

Address The Peruna Medicine Co., Columbus, O., for a book of testimonials, containing letters from prominent men and women concerning Peruna.

VOTING CONTEST.

**The Most Popular Lady in Christian
County to Be Determined By Ballot.**

**The Winner Will Be Awarded a Set
of Furniture worth \$110.**

A VOTING contest was begun August 29, for four
months, to determine by popular vote the most
popular lady in Christian County. To the lady receiving
the highest number of votes, we will present an elegant
set of bedroom furniture, now on exhibition at Pyle &
Ganett. It is of quartered oak, of the finest make and latest
style, and is worth \$110. The contest will close at 12 o'clock;
noon, Monday, December 29, 1902. The plan will be as follows:
Every subscriber to the Kentuckian who pays back dues or
cash in advance will be entitled to cast one vote for each five
cents paid. That is to say, a subscriber who pays \$2.00 will
have 40 votes, one who pays \$1.00 will have 20 votes and so on
for any amount large or small. In every paper published there
will be a coupon and these coupons when cut out and brought or
sent to the office will represent each one vote. A subscriber
will also have the privilege of gathering up coupons clipped by
friends from their papers and voting them one at a time, or by
the hundred if preferred. One will also have the privilege of
buying papers at the office at five cents each and voting the
coupons cut from them.

The coupon ballots will be deposited in a ballot box with
two keys. One of these keys will be held by County Judge W. T.
Fowler and the other by Mayor J. J. Henry. The box will be
opened not oftener than once a week, all ballots then in it taken
out, counted and certified to, sealed up in an envelope and
replaced in the ballot box. The envelope will contain a state-
ment of the votes in it, so that its contents will not need to be
counted again until the official count at the close of the contest.

The last week of the contest the ballots may be deposited
without showing them, so that the close of the contest may be
secret and exciting to the end.

MARRIAGE FLUSTERED.

Papa and the Police Prevented a Marriage at Clarksville.

Clarksville, Tenn., Nov. 18.—What was to be a marriage under romantic circumstances was last night nipped in the bud by an obdurate clerk and the parents of the bride, who had telephoned the officers here to prevent the union, on account of the girl's age. John Keller, a railroad man, of Kelly Station, Ky., and Miss Annie Fortner, the 14-year-old daughter of John Fortner, of Earlington, Ky., accompanied by Raston Marquess, of Kelly's and Miss Bessie Casler, of Earlington, arrived here about midnight. They were met at the Northington Hotel by Lieut. Nat Dye, who had received the message from the girl's father to prevent their marriage.

The girl stoutly protested that she was 18 years old, and finally pleaded to be allowed to telephone her father. This was permitted, the father asking her to return home, but finally giving his consent when he learned of her determination to carry out her plans. County Clerk Bailey, however, refused to issue the license and the two couples left overland for Erin, Tenn., a distance of twenty-eight miles, to try their luck there.

Married Here.

The couple did not go to Erin, but having obtained the father's consent, came to this city and were met by Mr. Fortner, who assisted them in getting the license and witnessed their marriage by Judge Fowler. The bride is quite youthful in appearance, in fact is apparently a mere child. The father of the bride and the groom are both railroad men. The newly married couple will live at Earlington.

Death of Child.

Powell, the little son of Mr. R. S. Wootton, of Lafayette, died Tuesday night, after an illness of two weeks, of pneumonia.
